VIII International Seminar and IX General Assembly of CGBU & First Brazil - Italy Rectors' Meeting

Photo of the Closing Ceremony of the VIII International Seminar and IX General Assembly of CGBU. October 28, 2016. University of Parma - Parma - Italy

The Coimbra Group of Brazilian Universities promoted, between October 24th and 28th 2016 at Parma/Italy, the 8th International Seminar and 9th General Assembly of CGBU and the First Brazil-Italy Rector's Meeting.

The events, which gathered a total of 247 participants from 20 countries and representatives from more than 140 institutions, were a success. They provided a very valuable exchange of experiences and knowledge between Rectors from Brazil, Italy, and from all over the world.

In addition, we mention the presence of researches, diplomats, representatives from the Brazilian and Italian government, representatives from networks, associations of Universities, Rectors' Council, leaders of international organizations, and other guests from CGBU and the host university, as well as other institutions related to the Higher Education Sector, research and innovation, which attended to the events and certainly contributed to enhance the experience of each participant during the days of event.

We are glad to announce that in 2017 the 9th International Seminar and 10th General Assembly will be at *Universidade Federal do Mato Grosso – UFMT*, in Cuibá, Mato Grosso/Brazil, when we expect to count with your participation once again.

Soon more information about the event will be provided in CGBU website.

Best regards,

Events Team
